SECRETARY WALLACE URGES AID BE GIVEN IN MARKETING CROPS

Secretary of Agriculture Declares Supply Should be Regulated By Demand For Farmers' Products

Urges Elimination of Fellow Who Gets More Than Share Of Profits At Expense Of The Farmer

Chicago, April 6.—The Department of Agriculture should lend the same aid to farmers in marketing their crops as it does in their production Secretary Wallace declared today in an address here before the farmers' grain marketing committee of seventeen.

"Study of improved marketing methods, as well as of conditions the farmer should understand to produce intelligently and adjust his production to the needs of consumption," the Secretary said, "are proper functions of the Department."

"The department should turn on the light," he continued. "If there are points along the way at which there is unnecessary waste, that should be made known. If there are men along the way who are taking too much toll for the service they render, that also should be made known."

"A plentiful supply of food at prices which are just to both producer and consumer is vital to our national welfare, and it is a proper function of the government to do what it can to insure it."

Information of world production and consumption is especially useful and necessary, the Secretary declared, to aid farmers in deciding in what quantities given commodities should be produced in order that there may be an adequate supply.

The farmers' right to organize into associations, co-operative or otherwise, for the purpose of marketing his crops, Mr. Wallace said, cannot be questioned "so long as they observe the requirements of our laws."

SAYS MEETING IS IMPORTANT

The ratification conference on the co-operative grain marketing plan was characterized as "the most important meeting of farmers that the history of our country, or any other country, has ever recorded," by C. H. Gustafson, chairman of the committee.

Details of the plan, prepared during nearly a year of conferences, to market the majority of the farm products of the country under the most favorable price conditions were today submitted to representatives of the various farm organizations behind the proposal.

"The plan provides purely and simply for the farmer to enter upon a program of conducting his own business of marketing," said Mr. Gustafson. "It is purely a co-operative plan offered in competition with existing unsatisfactory methods of marketing."

"We believe that while recognizing and protecting the right of the consuming public, it insures the farmer

an equitable and just return on his grain crop by effecting a savings affording speculation, preventing needless duplication of effort and eventually stabilizing the market for grain crops.

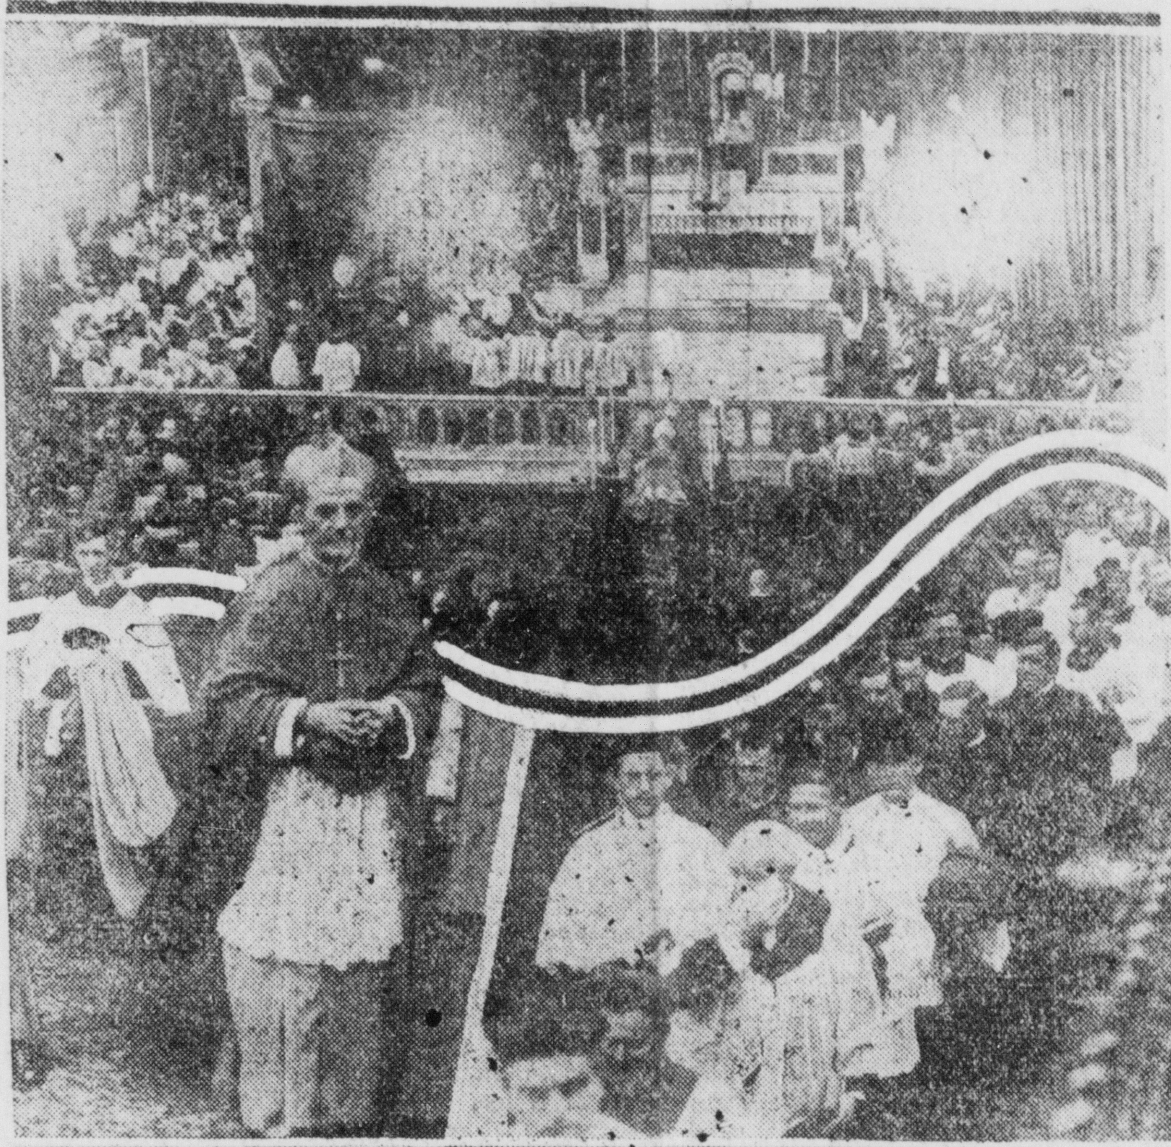

"We are told that the farmer now receives 34 cents of the dollar that the consumer pays for products. There is need to change that ratio."

"It has apparently been the function of the farmer to produce and then take his chances with market fluctuations and with market conditions, where waste, duplication, manipulation and speculation have operated to turn the law of supply and demand upside down."

WHEN CARDINAL GIBBONS' BODY WAS LAID TO REST

Upper photo shows celebration of requiem mass. The cardinal's body in the catafalque is in the foreground. Below is photo of Cardinal O'Connell of Boston, who, until the arrival of the new U. S. cardinal, Dennis Dougherty, is the only cardinal in this country. At right is glimpse of crowd watching church dignitaries filing into Baltimore cathedral for the services.

While Archbishop John J. Glennon of St. Louis delivered the funeral sermon for the prince of the church, the late Cardinal Gibbons of Baltimore, and Archbishop John Bonzano, apostolic delegate at Washington, celebrated the solemn requiem mass.

almost ten thousand people stood outside the church in rain, in respect. Never before in the history of the country had there been such a gathering of church dignitaries. The Georgian music heard by cardinals had never been heard outside the Sistine chapel in Rome. A procession of the mayor of Baltimore requested that every citizen drop activity for one minute at ten o'clock, as a tribute to the lost prelate. Following the service the interment of the body was made in the church crypt, attended by the cardinal's intimate friends.

MANDATES SUBJECT OF NOTES FORWARDED

America Sends Notes to Japan, Great Britain, France And Italy

Notes Inspired by Reply From The Japanese

(By Associated Press)
Washington, April 6.—The American government, although not a party to the treaty of Versailles, has surrendered none of its rights in the overseas possessions of Germany secured to the principal Allied and Associated Powers by that treaty. The governments of Japan, Great Britain, France and Italy are informed by Secretary Hughes in similar notes dispatched by the State Department last Monday.

(By Associated Press)
Washington, April 6.—New notes on the subject of mandates have been sent by the American government to the Government of Japan, Great Britain, France and Italy.

The notes are understood to be very similar, but the occasion for preparing them is said to be the receipt of

Japan's reply to the original American note protesting against Japanese mandates over the former German Islands in the Pacific north of the Equator.

State Department officials refuse to discuss the document but it was learned that they were broad enough in terms to cover all American rights growing out of the world war.

The notes form a part of the series begun by Secretary Colby in which the United States insisted upon its full rights as one of the allied and associated powers and also the right to pass finally upon all mandates before their adoption.

COMMITTEE IS MAKING RAPID WORK OF PROBE

(By Associated Press)
Washington, April 6.—Three definite recommendations to President Harding had been agreed upon today by the special commission investigating the care and treatment of disabled service men.

They were:
A centralized government authority to have entire charge of all federal agencies having to do with soldier relief work; a decentralized administration of service, carrying federal aid as near as possible to the homes of the soldiers throughout the country; a request for additional appropriations for hospitals including a permanent building program.

Chas. G. Dawes, of Chicago, chairman of the commission said he would be greatly disappointed if the public investigation was not concluded today. "We will begin work on the report tonight in executive session," he said.

TOKIO SCENE OF BAD FIRE

(By Associated Press)
Tokio, April 6.—Fire which broke out in the Asakusa section of Tokio at 8:30 o'clock this morning was still spreading at 2 o'clock this afternoon. Fifty persons have been injured while 1,700 houses have been destroyed, among them eight temples, a school house and a police station.

HERRICK IS SELECTED MINISTER TO FRANCE

Formal Nomination to be Made Later

(By Associated Press)
Washington, April 6.—Myron T. Herrick has decided to accept appointment as American ambassador to France, a post he filled under President Taft and which he occupied at the beginning of the world war.

Mr. Herrick's formal nomination will be made soon and he will go to France in the early summer.

Mr. Herrick it is understood, was offered the post sometime ago, by President Harding, but his friends say was reluctant to accept it because he felt he should devote the remainder of his life to personal affairs.

Since he left the diplomatic service, Mr. Herrick has sustained personal misfortunes which included the death of his wife and a grandson, and more recently was ill himself and went to the Hawaiian Islands in search of health. The principal trouble was an infection in one of his eyes which, however, has now been cleared up. Besides that Mr. Herrick's friends point out he has become interested in business which he felt demanded his attention.

The former Ambassador has told friends he feels that inasmuch as his

GOVERNMENT ACTION TEMPORARILY ENDS CRISIS IN ENGLAND

Offer of Mediation Is Accepted by Both The Miners And Operators In Wage War

Railway Men And Transport Workers Will Take No Action Pending Settlement

London, April 6.—The great industrial crisis with which Great Britain was faced this morning as a result of the bitter wage war between the mine owners and the miners, with strike by the railway men and the transport workers in addition to the miners' strike threatening the public, has found at least temporary relief.

At the eleventh hour Mr. Lloyd George, the prime minister, intervened with an invitation to both sides of the mining dispute to meet representatives of the government and reopen negotiations.

After serious deliberations the contending forces decided to accept the mediation offer.

No time has yet been set for the reopening of the discussion but the acceptance of the Premier's invitation, it is pointed out can be taken only to mean that the colleagues of the miners in the triple alliance—the railroad men and the transport workers—will take no active measures to support the miners while the peace negotiations are proceeding.

Royal Limited Flier is Wrecked at New River, Tennessee—Four Die Later.

(By Associated Press)
Somerset, Ky., April 6.—Two persons were killed and thirty injured, four fatally, in a wreck of the Royal Palm limited north-bound on the southern Railway at New River, Tennessee this afternoon.

A special train hearing the dead and injured arrived here at 8:30 o'clock this evening. Four died on the train and in a hospital here. A number of the injured are not expected to live.

REJECT WAGE CUTS

(By Associated Press)
Pittsburg, April 6.—Representatives of the order of Railroad Station Agents and the Order of Railroad Telegraphers, D. A. L. S., late today announced they had rejected proposals of the Pennsylvania Railroad Company for a wage reduction of approximately 18 percent.

ACTION TAKEN AT CRUCIAL TIME

This ray of hope pierced the black industrial cloud just at the time when it seemed certain the storm was about to break and involve Great Britain in the greatest disaster in its history. The great coal industry was already at a standstill with many mines going to ruin and dependent industries such as the steel business closing down.

The transport workers of the entire country this morning decided to support the miners to the fullest extent which meant a general transport strike if necessary, and the railway men were credited with the intention of taking similar action which would result in the complete tie-up of all the country's business.

Meantime the government was distributing troops, diverting warships to various important ports and making other precautionary moves.

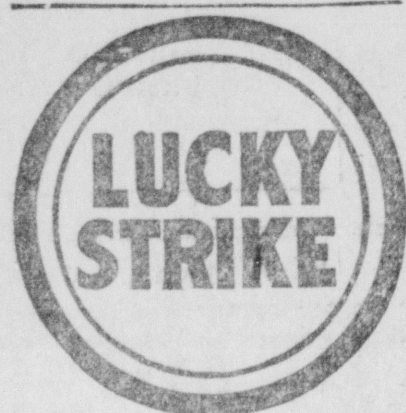

MANNING FEARED FOR HIS OWN LIFE HE TELLS JURORS

(By Associated Press)
Covington, Ga., April 6.—Fear for his own life was the motive that prompted Clyde Manning, negro farm boss, to help kill eleven negro farm hands employed on the plantation of John S. Williams, the negro told the jury today in the trial of Williams.

The negroes met death shortly after authorities started an investigation of alleged peonage, six of them according to Manning, being chained to rocks and thrown alive into rivers and five knocked in the head or shot and buried on the farm.

Musterole Works Without the
Blister—Easier, Quicker

There's no sense in mixing a mess
of mustard, flour and water when you
can easily relieve pain, soreness or stiff-
ness with a little clean, white Musterole.
Musterole is made of pure oil of
mustard and other helpful ingredients,
combined in the form of the present
white ointment. It takes the place of
mustard plasters, and will not blister.
Musterole usually gives prompt relief
from sore throat, bronchitis, tonsillitis,
croup, stiff neck, asthma, neuralgia,
headache, congestion, pleurisy, rheuma-
tism, lumbago, pains and aches of the
back or joints, sprains, sore muscles,
bruises, chilblains, frostbitten feet, colds
of the chest (it often prevents pneumonia).

in charge of Rev. D. A. Kears-Preston
of Bloomburg. Rev. B. F. Lamb, se-
cretary of the Ohio Federation of
Churches, Columbus, who directed the
survey throughout the state, has sent
word that he will be present at the
meeting to discuss Fayette County
church conditions with the church re-
presentatives and will give informa-
tion as to survey findings in the state
at large.

Each Protestant church in the coun-
ty has been asked to send three of-
ficial delegates—the pastor, one laymen
and one laywoman—but other mem-
bers are also urged to attend and join
freely in the discussions. The confer-
ence, it is announced, will be primar-
ly for informal discussion of the sur-
vey findings and needed improvements.

The meeting will be one of a series
of more than 50 county church confer-
ences being held in the state this
spring. Jackson and Greene counties
will have their meetings the same day
as this county. Permanent county fed-
erations of churches have been organ-
ized in several counties to deal with
problems brought to light by the sur-
veys.

Although two-thirds of the popula-
tion of Fayette county are not mem-
bers of any church, the churches of the
county are growing very slowly, hav-
ing registered a net gain of only 49
members in the year preceding the
survey. Co-operative action to extend
the influence of the church in the
country districts is said to be an im-
portant need revealed by the survey.

The survey shows the county to
have 57 churches with a total enroll-
ment of 7,222. The report deals in
detail particularly with the 50 white
Protestant churches, of 12 denomina-
tions with a combined resident mem-
bership of 5,700. The population from
which this enrollment is drawn totals
21,518.

The 50 churches reported upon are
served by 26 pastors, of whom only

Only five churches have full time resi-
dent pastors, most of the full time min-
isters being on circuits which divide
their time between two or more
churches. Two ministers serve five
churches each and five others serve
four each. As a result of the division
of ministerial time, 23 of the 50
churches have services less often than
once a week. The report also indicates
that fewer churches without resident
pastors than with them are growing.

Twelve of the 26 ministers are re-
ceiving salaries in excess of \$500, re-
cently established by resolution of
state leaders of various denominations
as the minimum wage for which a ru-

M COMPANY SOLDIER BURIED AT WELLSTON

Member of Local Company, killed in
Action, is Removed from France for
Burial at Old Home.

In the Daily Sentinel of Wellston,
there appears an account of the bur-
ial, after the body had been brought
from France, of Frank Skyles.

Skyles was a member of M Com-
pany, 166th Regiment, and at the time
of his enlistment was living here
where he was employed as electrician
at the Washington Gas and Electric
Company's plant.

He entered the service July 17, 1917,
and did not miss an engagement in
which his company participated.

In the battle of the Meuse, only
four days before the armistice was
signed, Skyles was mortally wounded.
He was taken to the hospital at Chal-
ours, where he lived but a few hours.

Because of the fact that he was the
first Jackson county man to fall in
action, the American Legion Post at
Wellston was named the "Frank
Skyles Post."

Skyles has always been regarded

here as a local man, because of his

enlistment from this city while he was

employed here. His name appears on

the Memorial Arch tablets.

OF INTEREST TO WOMEN

A prominent physician says that by
far the largest number of women's
ailments are not surgical ones, that
is they are not caused by serious dis-

No "Germany Made" Peace

There is no longer any excuse, for the most optimistic among us, to doubt the existence of a very insistent demand by some very influential individuals, some of them occupying important official positions in the nation's councils too, that the United States enter into a separate treaty of peace with Germany.

There is no longer room to doubt, either, that the national administration, very soon now, must, fearlessly, grapple with those forces which would, if they could, force this great nation into such humiliating action. Those forces must be met and throttled.

Appreciative of the absolute futility of any attempt to gain advantage for Germany during war time, the silence was placed on their voices and the emergency brakes on their activities. They were only temporarily suppressed, however, it seems now. The same element which justified the sinking of the Lusitania, the bombing of hospitals and the maiming of the defenseless women, children, and non-combatants, the same element which justified the wanton destruction of the cathedrals of France, the looting of all occupied territory; the crucifixion of Canadian soldiers, the butchery of Edith Cavell and outrages against humanity in the name of and under excuse of war, has raised its ugly head again and is leeringly demanding a separate peace with Germany.

And yet, incredible as it seems, there is more than a whispered demand that this nation desert her allies and join hands with Germany.

It will not do for us to minimize the power of that element. It will not be as easily put down as it was in war times. Everyday it is growing bolder in its suggestions, every day it is adding to its ranks business men who forget their country and forget humanity for the love of a dollar in trade promised.

We believe that the determination of the national administration to go slow in shaping, finally, its foreign relations, is wise, but we do think that the separate peace with German proposals should be disposed of as finally, as emphatically and as promptly as was the proposal of Soviet Russia for a trade treaty.

Delay simply encourages the, at heart disloyal, pro-German element. It will not cease its disturbing conspiracies until it is disposed of finally and for all time. Every day we allow to go by without decisive action encourages it to renewed effort.

It is time that the national administration assert its policy on the separate peace proposals. We want no "made in Germany" peace even if it does come, nominally, from influences within our own boundary lines, but which are still at heart in sympathy with the barbarians who sought to overrun the world.

King Albert's Request.

King Albert of Belgium has made a request without precedent in diplomatic circles, to President Harding.

He has requested that Brand Whitlock, for the past seven years ambassador from the United States to Belgium, be retained as long as possible. That extraordinary request was made by cablegram to President Harding and is, in effect, a request that Whitlock be allowed to continue at his post.

While no definite announcement has, of course, been made as to what will be done regarding the request of King Albert, it is inconceivable that so extraordinary a request would be accorded anything less than a sincere purpose to comply with its terms if at all possible.

The wonderful work of the American ambassador during the days when Belgium was little more as a nation, that King Albert's brave array, are history, but never to be forgotten history among the Belgian people.

Brand Whitlock during all that troublous time, maintained the dignity of his position, fractured no rules of diplomacy so far as Belgian's enemy natives were concerned and, at the same time by his fearless defense of right and justice under all circumstances and at all times left no doubt as to his disapproval of the attack on Belgium and of his friendship, official and personal, for King Albert and the people.

It is not remarkable that King Albert regards Brand Whitlock more as a friend of himself and his people than as a cold diplomat representing another nation.

The incident shows the possibilities in national and official friendships.

POETRY FOR TODAY

THE STAR

Not his the failure who beheld a star
And longing strove for heights
Where glories are;
Through all eternity and time
The shame is theirs who dared not climb!

And would ye speak of him in pity
now?
The laurels see ye not
Upon his brow?
Nor yield him honey-bittered praise;
Ye gave but hate in other days!

Mute ye must stand who, whimpering
in the plain,
Trembled to follow where
He led in vain.
He's free; the consummating hour
Has loosed the chains of envy's power.

But hark! the truth shall swell
triumphant song;
Let those who kept the faith
The journey long
Still watch throughout the weary
night;
The star shines on with steady light!

THINGS TO SEE IN THE SPRINGTIME

THE SHAMROCK AND HER THREE SISTERS

By Ernest Thompson Seton.

(Copyright 1921.)

The Shamrock

The Shamrock is really the White Clover. It is much the same shape as the Red Clover, and has the same food bags in its cellar. It is just as good for Cows, and even better for Bees; so the Brownie stamped all its leaves with the white arrow mark, as you can plainly see. This plant, as you know, is the emblem for Ireland.

The story-tellers say, that St. Patrick was preaching to Leary the heathen King of Tara in Ireland, hoping to turn him into a Christian. The King listened attentively, but he was puzzled by St. Patrick's account of the Trinity. "Stop," said the King. "How can there be three Gods in one, and only one God where there are three? That is impossible." St. Patrick stooped down, and picking up a Shamrock leaf, said "See, there it is, growing in your own soil; there are three parts, but only one leaf." The King was so much struck by this proof that he became a Christian, and ever since the Shamrock has been the emblem of Ireland.

Now to fill out the history of the Clovers, I should tell you of the other three. The next is called Alsike, or the Pink Clover.

When you look at this Alsike or Alsatian Clover, you might think its mother was a red clover and its father a white one, for it is about halfway between them in size, and its bloom is pink on the outside, and white in the middle. Evidently, the Brownie didn't think much of it, for he did not put his arrow marks on its leaves. Still the Cows think it is good, the Bees think it is fine, and it always carried lots of food bags in its cellar. So, also does the next sister—Melilot, the Yellow Clover or Honey-lotus—and the last and sweetest of them all is the sweet-clover that spreads sweet smells in the old-fashioned garden.

HER BABY HAD WHOOPING COUGH

"My two children had the whooping cough," writes Mrs. J. C. Hess, N. Baltimore, O., "and I think Foley's Honey and Tar helped them wonderfully. My eleven months' old baby had it bad." MEYER AND HOOVER TAKE STEPS TO PROMOTE TRADE

Hoover Calls in Dollar Men To Revive War-Time Co-operation.

Foreign Trade to be Nursed As Part of Fixed Policy of Administration

BY MARK SULLIVAN
(Copyright 1921)

Washington, April 6.—The conference of bankers and business men from the cotton states, held here today on the initiative of Eugene Meyer, Chairman of the War Finance Corporation, was the first public step in a group of actions, which as a whole, constitute a clear policy on the part of the administration toward business.

The policy is a striking departure; it goes to the extent of bringing about for the purpose of foreign trade a high degree of co-operation among business interests. The co-operation is to be not merely under the auspices of the government, but actually under the leadership of Government officials.

The principal proposal at Mr. Meyer's conference with the Southern bankers, stated very roughly, and briefly, was that they should assess themselves a small sum, on the basis of the number of bales raised in each state, on the unsold cotton which they are now carrying under considerable embarrassment; that they should use the money so raised to form a cotton export association; that this export association should should work with a foreign trade bank recently formed in New Orleans and that by means of the two institutions there should ship that part of the cotton which is causing the greatest embarrassment to the banks to warehouses in London, Hamburg, Marseilles, Genoa and other ports in Europe.

Once the cotton is actually in Europe, many difficulties of marketing inherent in the present state of exchange will be eliminated, and the cotton will be, to that extent, more readily marketed.

Mr. Meyer, as Chairman of the War Finance Corporation, stands ready to facilitate this process with a certain amount of government help, the money that the government advances being contingent upon the advance of a much larger sum by the banks concerned.

Hoover's Plan

To be read in connection with this action, as reflecting the new government attitude, is the step taken by Secretary of Commerce Hoover in reviving to a degree that voluntary co-operation of industry which was practiced by the War Industries Board during the war.

Mr. Hoover has summoned to Washington several of the dollar a year men who served in the War Industries Board, to give either all or a part of their time to a revival of the system.

The theory is that each line of business, like shoes, for example, shall be asked to agree to make certain standardized models for specific foreign markets; that they shall, to some extent, allocate these foreign markets among themselves, one group taking South America, another group China, and so on; and that they shall achieve economy by agreeing to eliminate the waste of competition among themselves in the field of foreign trade.

These are two potential steps in a policy which involves an attitude toward business, such as has never been practiced by the American government, except during the war. It is an intimacy between business and Government which our people have always been disposed rather to frown upon than to approve.

Other governments, however, have long followed the practice. Germany followed it with her cartels, and Great Britain follows it in the close intimacy between the British Board of trade and the British Foreign Office.

Since the war Great Britain has gone much farther with this policy, and France and other countries have taken it up for themselves.

The fact that other countries follow this practice makes it more or less inevitable for America to adopt it. The effectiveness of the rivalry of a country which practices this compactness and economy forces it on us. If a country, buying American products does its buying through what amounts to a common purchasing agent, it is pretty necessary for

America to adopt the device of a common selling agency.

The policy is a step in the evolution of the relation between government and business, which foreshadows immensely vital results not only to America and to other countries, but actually to the whole theory of organized society.

In America the policy will cause for a time some incongruous results.

It will seem strange to have the regulatory departments of our Government, like the Federal Trade Commission and the courts opposing combinations for eliminating competition at home, and compelling dissolution of the combinations, while at the same time the Department of Commerce will be inviting and fostering combination for the elimination of the wastes of competition in the export field.

Undoubtedly the policy of Hoover and Meyer will meet the approval from business men. If we are to have foreign trade at all, it must be done.

Probably, for the present, the public generally will approve the policy, although it is easily possible that in time it may become a controverted issue in some future political campaign.

Almost Choked To Death

From Goitre—Read This Wellston Woman's Experience with External Home Treatment.

Note: It would be illegal to publish these statements if they were not true.

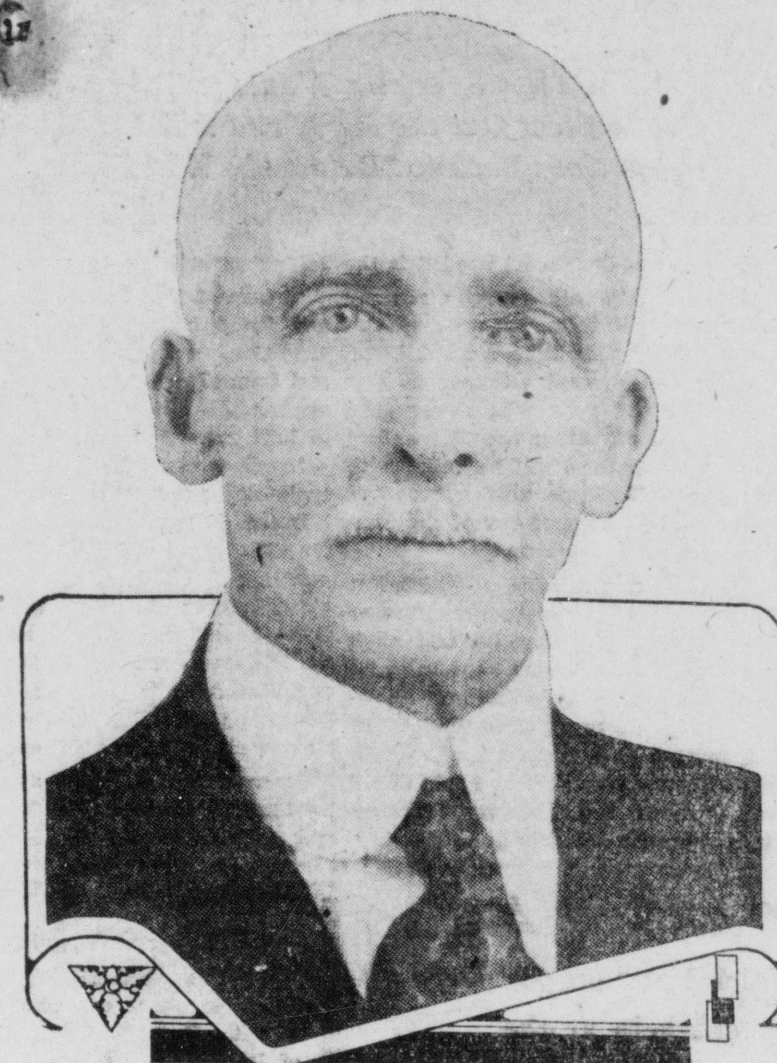

Mrs. Carrie Barnhouse, 421 West C. St., Wellston, Ohio, writes in her own home paper, The Wellston Sentinel: "I feel inclined to tell you what Sorbol Quadruple has done for me. I had an inward goitre for over 20 years. At times thought I would surely choke to death. I was told it was one of those poisonous kind, and that nothing could be done. The night before I commenced using Sorbol Quadruple I sat up in bed and fanned all night to get my breath. In three days my choking and smothering spells were all gone, and to my great surprise my goitre began to disappear. In less than two weeks I had no sign of a goitre. Today it is gone and my neck is as though I never had one. Will gladly tell my experience by words or letter."

Sorbol Quadruple comes in small bottles containing enough for most cases. It will not stain or irritate. Does not interfere with regular work. Leaves the parts in a healthful normal condition. Requires ten minutes daily.

Gives Tanlac Credit For Splendid Health

T. J. PARKER
4246 Juneau Street, Seattle, Wash.

"I used to think all the Tanlac testimonials were exaggerated, but I have felt thankful a thousand times I ever believed in it strong enough to give the medicine a trial," said T. J. Parker, well known salesman for Gately's Clothing store, residing at 4246 Juneau St., Seattle, Wash.

"Several years ago I commenced having periodic spells of sickness and a few months ago I had an attack that I thought would finish me. When I did finally get up, I was scarcely able to go. I had no appetite and what little I forced myself to eat caused so much gas on my stomach I could hardly get my breath. At night I was often so bloated I couldn't breathe while lying down and just had to sit up and struggle for

air. At times I had cramps so bad I could hardly endure it. "My liver was sluggish and sometimes I got so dizzy I would nearly fall. I felt tired and miserable all the time, couldn't even sleep and for days at a time I wasn't able to go to work. "Well a friend of mine, finally got me to try Tanlac, and it certainly has done a good job for me. My appetite is fine now and although I am eating just anything I want and as much as I please, my stomach never gives me the least trouble. I have picked up in weight, my strength has come back to me, and I am now enjoying the best of health. "All the men at the store know Tanlac put me back on my feet, and I am glad to give this statement for what it may be worth to others."

THE UNIVERSAL CAR

About Ford Cars—Solid Logic

The Ford car has been fundamentally right from the beginning. That fact made it "The Universal Car." It has always lead in lowest first cost as well as in lowest cost to maintain and operate.

Runabout, Touring Car, Coupe, Sedan, Truck and Fordson Tractor—we have them all and will make reasonably prompt delivery.

Simplicity has ever marked the designing and building of Ford cars, trucks and tractors. Henry Ford and his engineers have always striven for simplicity with strength. The success of the Model "T" Ford car and a great part of the Ford Motor Company's success has come from an early understanding and appreciation of that principle in motor car construction. The fewer the parts in a car, fewer the parts to go wrong. When that simple truth is carried out in producing a car, as it is in Ford cars, trucks and tractors, the result is bound to be a simplicity of design and building that means simplicity, durability and economy of operation.

This simplicity of construction proves itself in the ease with which Ford cars, trucks and tractors are driven. Four million five hundred Ford cars in daily service proves every claim we make.

More than ever we are sure the Ford car is your necessity—let's have your order today.

RANDOM NOTES

SOCIAL : PERSONAL MENTION : CLUBS

Quite the jolliest affair in Y. W. C. A. social records was the "All Fool's Party," on Tuesday evening, at which the Young Woman's Council of the Y. W. C. A. were hostesses.

The party was given as a benefit for the Y. W. C. A. camp fund.

Over half a hundred young women and girls came in costume, including several "dates," little girls and their "first date" as well as their more sophisticated sisters with their important ones.

There were all kinds of costumes, clever, pretty and fun provoking, from "The Rube" and his wife to William Penn and Betty Custis, "The Vamp" and "The Dude".

Games were enjoyed under the direction of Miss Jean K. Fitzgerald, Physical Director. In an April Fool contest Miss Mary Wade was awarded the prize.

Mrs. Lulu H. Robinson and Miss Mabel Sunkle at the piano, with Miss Wendolyn Wolfe, violinist, played delightfully throughout the evening.

Plenty of pink lemonade was refreshing and all day suckers were appropriate to the occasion.

Mansfield, a city that boasts of many avenues of fine homes and the home city of the late John Sherman, entertained the annual district convention delegates and visitors, April 1 and 2 in regal style. Mansfield club women left nothing undone for the comfort and pleasure of their guests from all parts of the Middle North district. The program from beginning to end was crammed with good and delightful things. There was president's message voicing her hope of what club women may do in coming year and outlining the forward steps taken during the last twelve months; there were really five brilliant talks by state federation chairmen, whose vision of their work made a profound impression, and a reception-banquet that set a high mark in the social calendar of the Ohio Federation of Women's Clubs.

The five state chairmen were Mrs. J. B. Loughry, Elyria, home economics; Mrs. J. H. Selby, loan scholarships; Miss Genevieve Cline, Cleveland, legislation; Dr. Josephine Pierce, Lima, child welfare; and Mrs. Paul Frank.

Crestline, thrift. Convention features included a parliamentary drill conducted by Mrs. C. S. Selover, Cleveland, state parliamentarian; community singing lead by R. A. Chubb, Mansfield; a playlet, "Dear Little Wife," presented by Mrs. J. C. Wilson, Mrs. James Wallace and Mrs. Charles Jelliff, all of Mansfield. Dr. H. W. Kellogg, superintendent of the Mansfield reformatory, spoke in place of John J. Sullivan, of Cleveland, who was unable to attend. Dr. Kellogg made a strong plea for places of recreation for boys in every town.

The next spring gathering of Middle North district will be held at Willard, one of the "live-wire" club cities in the district.

Many club women attending the Mansfield convention had an unexpected treat that was no part of the federation program. Saturday evening, following the close of the convention program, Mme. Amelita Galli-Curi, world-renowned coloratura soprano, appeared in concert at the opera house under the auspices of the Mansfield Shrine Club, scores of club women remaining for the event.

Mrs. George Elliott McCormick

The beginners of Sunnyside School have enjoyed a number of spring parties and treats through the kindness of some of the mothers.

Mrs. James Daley gave the children an elaborate Easter treat honoring the birthday of her little son, George.

Mrs. Richard Hays served home made candy and cake in honor of little Mabel Lois Hays, Mrs. Charles Himmler gladdened the week preceding Easter by serving taffy and home made doughnuts in honor of Robert Himmler and Mrs. J. A. Armstrong brought an Easter offering of finest candy for her little son Howard.

Mrs. M. L. Judy celebrated the sixth birthday of her daughter, Madeline, by serving ice cream and cake to the school.

Generous treats have also been given to the beginners by Mrs. L. C. Coffman, Mrs. Charles Hard, Mrs. Charles Holahan, Mrs. Rufus Brown, Mrs. Nelva Harley, Mrs. N. J. Free, Mrs. Ed Fite, Mrs. Robert Murphy, Mrs. Charles Mann, Mrs. Finley Sprague, Mrs. Homer Birely, Mrs.

Fred Kelly, Mrs. Bennett King Miss Eva Alexander Mrs. Ray Beller, Miss Leila Hidy, Mrs. C. H. Thoroman and others.

These beginners are a unit in throwing bouquets to Sunnyside mothers.

Mrs. Walter E. Ellis gave charming entertainment to the Tuesday Kensington Club.

A dainty collation was served.

One of the most charming affairs enjoyed by the young women of the Philadelphia Club this year was a supper entertained by Mrs. George Clark, Tuesday night.

A delicious menu was spiced with a jolly good time and spring flowers were tastefully used in decoration.

There was a full attendance of class members with their teacher, Miss Emma Jackson, and Mesdames Lillie Breech, Will Craig and Chloë Miller additional guests.

After the supper the young women attended the evangelistic service.

The Ladies Aid Society of the Staunton M. E. Church met in the church auditorium, April 1st, with eighteen members in attendance.

The President called the meeting to order. Mrs. Alice Roberts conducting the devotionals. Mrs. Willis Wile had charge of the literary program. Mrs. Williams Craig and Mrs. Mattie McCoy gave excellent readings and piano solos were rendered by Miss Louise Brannon and Mrs. Dale Miller.

After the meeting the women enjoyed a picnic dinner in the church yard.

Guests at the home of Mr. and Mrs. Harry Thomas in Jeffersonville, for the wedding of the daughter, Miss Dorothy Thomas and Mr. Ansel Wright of South Charleston, include the groom's parents, Mr. and Mrs. A. A. Wright, and sister, Miss Dorothy of Springfield, brother Mr. Leonard Wright and family of South Charleston; Mr. Samuel Wright of Clarksburg, Mr. and Mrs. John Westwater, Miss Della Selsor, Mrs. Jennie Moon, of Sedalia; Mr. John Henry, Mr. David Graham of South Charleston; Mr. and Mrs. Wenner of Springfield; Dr. and Mrs. Gibson, of Dayton; Mr. Vernon Vaughn, of Detroit, Mich.

The ceremony takes place, Wednesday evening, at half-after six o'clock.

A successful birthday dinner was planned and carried out to perfection for Wm. Shoemaker on April third.

On Saturday Mr. Shoemaker received a letter from one of his daughters saying that she would not be able to come home for some time. However the daughter and other relatives arrived that same evening, remaining over night with other relatives so as to perfect the surprise.

Sunday morning while Mr. Shoemaker and daughter Thelma were at Sunday School the guests arrived, secreting automobiles so that only Elmer Shoemaker was in waiting when they returned.

Lively music greeted Mr. Shoemaker as he approached the home and was greeted in the living room by the merry crowd, showering congratulations upon his fifty eighth birthday.

Although completely surprised and inclined to believe at first that he was the victim of an April fool joke, Mr. Shoemaker responded with his usual jolly good nature.

At the noon hour a bountiful dinner, including the most tempting entrees was served. Among a number of home baked cakes there was a large white birthday cake, twinkling with fifty-eight candles.

All together it was a joyous day, long to be remembered.

Guests seated at the table with Mr. Shoemaker, wife and daughter, Thelma, were: Mr. and Mrs. Oscar McCoy, Dayton, Ohio, Mr. and Mrs. Howard Barker, Dayton, Ohio; Mr. and Mrs. Homer Flint and children, Marysville, Ohio; Mr. Glen Speaks and daughter, Glenna, Mrs. Speaks was not able to attend, having been called to Newark by the illness of her mother-in-law, Mr. and Mrs. Orville Flint and daughter, this city; Mr. and Mrs. Elmer Shoemaker and children, Bloomingburg, O.; Mr. Henry Van Gundy of this city.

Of course everybody knows that the "best girls" grow everywhere, but it is quite entertaining to read the opinions of one man who certainly "hands it" to the New York girls in an article appearing in the New York Sun.

He says in part:

It has been my fortune to travel in many parts of the world, and I must say that New York, next to London, has the most uninteresting aggregation of girls it has ever been my lot to meet. Permit me to describe some types from various parts of this and other countries and perhaps your

SOPRANO BRINGS STYLISH HAT AND SHOES FROM ITALY

Iva Pacetti, as she arrived in New York.

readers will decide which is the best.

Pacific Coast—its girls are most charming. Blessed by the golden sunlight and balmy air, their complexions are incomparable. They know all of the best of life and just enough of the worst to keep them from harm's path. Their dispositions match their complexions and the climate in which they live—sunny and fairly radiating life and the joy of living. They are intelligent, love a good time and know where to stop.

The Middle West—There you will find the breezy girl who knows how to take care of herself. She has more "pep" in her ten minutes than any dozen New York girls who could muster up in a month of Sundays. She is intelligent and can talk on any proper subject. Usually they are very pretty and healthy, due largely to their outdoor life.

The South—There you will find the real cultured girl; the home lover and the girl of grace and superb manners—the three most beautiful virtues man can find in a woman. They, too, lead outdoor lives and radiate health as a result. I never yet met a Southern girl who was not jolly and ready to join in any proper sort of fun.

The South Sea Islands—In speaking of girls in the South Seas I mention only the white ones, of which there are a large number, fiction to the contrary. From childhood the girls of these beautiful islands are taught to swim and engage in outdoor sports. The result is a form divine and a fertile brain.

The Orient—There the girls are very loose morally. And the same is true of the girls of Central America, though as their moral standards are different from ours they are not so much to blame.

In London I suppose the girls are victims of an outrageous climate. Any how, they are homely, untidy and awkward, and the majority, at least never seem to have heard of morality. Scotland rears a womanhood that is noted for its beautiful rosy cheeks, quick wit and clean, honest living.

Then we come again to the New York girl. One cannot give a fair opinion of her looks because it is next to impossible to penetrate the thick layers of paint and powder. Their "styles" are a scream and their eyes usually half closed. They work from 9 a. m. until 5 p. m. then dance themselves to death and think they are having a whale of a time.

Mr. and Mrs. Samuel Hoskins were down from Columbus spending Wednesday here, Mr. Hoskins also going over to New Holland on legal business.

Mrs. Thane Glaze, of Jeffersonville, returned Wednesday from a visit with Mrs. Ray B. Glaze in Charleston, W. Va., accompanied by her recent hostess, who is recovering from a long illness and son Frank Morton who will spend the summer with Mrs. Glaze's parents, Mr. and Mrs. J. H. Garjough in Jeffersonville and also visit her sister, Mrs. Ray Moots in this city.

Mrs. Allie James who has been at Mobile, Ala., Biloxi, Miss., and New Orleans, La. since the first of the year arrived Monday and is at the home of her brother, Mr. E. A. McCoy and family. Mrs. James came for the funeral of Mrs. George James, Wednesday afternoon.

POWERFUL PLAY OF UNSEEN WORLD

Those who witnessed the opening "matinee" of "Earthbound" Basil King's film interpretation of a phase of life after death, produced by Goldwyn, at the Palace Theater Wednesday were deeply impressed by this marvelous production, which stands out as a masterpiece of art and a screen triumph.

A full year was devoted to making this photo-play, striking a note of attainment in originality rivaling anything in the achievement of the screen. More than thirty-seven miles of motion picture film were exposed to produce the remarkable spirit photo-play.

"No God! No Sin! No future life—Nothing but the survival of the fittest and every man for himself." That was the ruthless creed by which two men lived. They thought it had brought riches and success until one was forced to sacrifice his wife upon the altar of that creed. Then he killed Dick Desborough, his best friend, but Dick, even after death, was not free to progress. His spirit was forced to remain earthbound, until he was willing to be guided by a higher creed.

Its theme has the awe-inspiring appeal of a glimpse of the eternal and its photography marks a distinct advance in the art of motion pictures. "Earthbound" has had most successful runs in the leading cities. It shows at the Palace, Wednesday, Thursday and Friday.

A wise man never tells a woman with a baby how pretty some other woman's baby is.

MARKED INCREASE AT HENRY MEETING

A marked increase in the attendance Tuesday evening over that of Monday evening was noted at the special evangelistic services being conducted by Dr. Henry.

Grace church auditorium was well filled Tuesday night to hear Dr. Henry's sermon on "Has the Modern Church Lost Its Christ?" His text was, "Behold I stand at the door and knock, if any man hear my voice and open the door I will come in." The speaker said the words of the text were spoken to a church, a church which was rich, self-satisfied and formal, but which had crowded out its Christ. It was neither cold nor hot. It formally acknowledged its dependence upon Christ, but had lost the heart.

In a striking way Dr. Henry pictured how modern church members have grown lukewarm toward their Christ, and are hot after things of the world.

Tuesday afternoon Dr. Henry spoke at the First Presbyterian Church on "The Dignity of Soulship and Service." Perhaps none of his messages thus far has made a deeper impression upon his hearers than this one. "The children of God can be blameless in this world, although they may not be faultless. The little child's a faultless letter but it may be first letter to his father may not be blameless as an expression of a true heart. God never punishes his children, he disciplines them and he always knows when they have had enough. The refiner skims off the dross until he can see himself in the pure silver, and so when God can see his own image in us he will say "It is enough."

There will be afternoon meetings at 3:00 Thursday and Friday at the First Presbyterian church.

The evening services will be held in Grace M. E. church, song service beginning at 7:15 p. m. Special music. All are welcome.

OLD HYMNS POPULAR AT HENRY MEETINGS

Last Sunday night at Grace Church the members of the congregation were asked to indicate their favorites from a list of ninety selected hymns.

There were 848 choices made with the result that "Nearer My God to Thee" was given first place. There was a tie for second place between "I Need Thee Every Hour" and "What a Friend We Have in Jesus." "Rock of Ages" and "Jesus Saviour Pilot Me" also tied for third place. "Just as I am" came fourth and fifth was "I Love to Tell the Story."

That there was a great variety of choices is indicated in the fact that of the ninety hymns printed on the list, only one hymn failed to receive a choice. The old hymns are proving very popular at the meetings.

REPAIRS MADE ON SOLON PIKE

Temporary repairs have been made on the Jeffersonville-Solon pike at the point where the roadway had become almost impassable during the wet weather.

The material, which had arrived several days ago, was applied Tuesday so that it is now possible to reach Springfield with no difficulty.

MAN KILLED ASSUMED NAME TO HIDE CRIME

Had Served Time in Pen. at Age Of Twelve Years

Lost All Property in Flood, 1913

(By Associated Press) Columbus, April 6.—The death here last night of George E. Williams, aged 31 from injuries received in a motor cycle accident, brought to light a touching story.

Williams' real name was Denny Rosen becker and he was the youngest prisoner ever received at the Ohio penitentiary being sentenced there when he was 12 years old when found guilty of the death of a playmate. He spent ten years in prison.

When he was discharged he changed his name because of the widespread publicity given him. He was married in 1911. His home and worldly goods were wiped out in the 1913 flood and two years later his wife died.

He and Early Williams drove the motorcycle to Rome, yesterday. Returning last night they crashed into a pile of ties.

ENDS HIS LIFE BY LONG LEAP

(By Associated Press) Cleveland, April 6.—An unidentified man leaped to his death from the highest span of the High Level Bridge this morning. The body struck the pavement in Merwin street more than 100 feet below with crushing force. Apparently every bone in the man's body was broken.

LATE REPORTS ON OHIO FRUIT DISCOURAGING

Big Freeze a Severe Blow In Southern Ohio

(By Associated Press) Columbus, April 6.—Except in the counties along Lake Erie the peach crop throughout the state is severely damaged by freezing, said a complete report of the Ohio and United States Departments of Agriculture today.

Injury is especially serious in the central and southwestern parts of the state, according to C. J. West, agricultural statistician for Ohio. For the state as a whole 32 percent of the peach buds are reported killed.

Early varieties of apples were hard hit, but the winter varieties had not sustained serious damage. Average damage for the state was 15 percent.

Average injury to pears in the state was 42 percent, plums 54 percent, sweet cherries 62 percent and sour cherries, 48 percent.

MINISTER ENDS LIFE BY POISON AFTER ARREST

(By Associated Press) Marletta, O., April 6.—Rev. J. H.

Minding, a Methodist minister-farmer of Waterford, Washington county, committed suicide by drinking poison this morning a few minutes after he had been turned over to the county Sheriff following a coroner's inquest into the death of his 19-year-old daughter, Ester, which occurred last Thursday.

Rev. Minding admitted at the inquest that he had performed an illegal operation on his daughter which resulted in her death.

It was announced by the family at the time of the girl's death that she had died of injuries received when she fell into a bath tub.

CHARLES ARRIVES IN SWITZERLAND

(By Associated Press) Buchs, Switzerland, April 6.—Former Emperor Charles of Austria-Hungary is back in Switzerland after his unsuccessful attempt to reseat himself upon the Hungarian throne.

He crossed the Austrian-Swiss frontier on his return journey from Hungary at 5 o'clock this afternoon. His train left on the way to Lucerne within a half hour after reaching here.

GRAIN POOLING IS BIG ISSUE

(By Associated Press) Chicago, April 6.—Compulsory pooling of grain became the big issue of the meeting today called for ratification of a national co-operative grain marketing plan worked out by the farmers grain marketing committee of seventeen.

Decision on this question, as well as on the plan as a whole, went over until tomorrow.

CLAIM GERMAN BUYING NEWSPAPERS

DEMAND FALLS MINES AFFECTED

JOHANNESBURG, (By Mail)—A falling off in demand for diamonds makes prospects for the diamond industry much less satisfactory for 1921 than has been the case of recent years according to Sir Thomas Cullinan. He told the Premier Diamond Company's stock holders that only one shift of workmen were engaged at the mines.

SALOONISTS GET A SHOCK

(By Associated Press)

New York, April 6.—Saloon keepers who derived comfort last night from the fact that despite a widely heralded police drive "things were as usual" with the sale of illegal drinks, got a shock today when they learned the police drive had not started yet but would start in earnest today.

LARGE SUMS WERE WISELY EXPENDED BY MOTHER'S CIRCLE

Again and again have the questions been asked, "What does the Mother's Circle do with the money it has raised through the various entertainments and efforts it has given?" and "Why does the Mother's Circle want to raise more money?"

The best answer in the world to these questions is found in the financial report of the Philanthropic Committee, Mrs. W. H. Lipsett, Jr. Chairman which gives in detail the receipts and quite a number of the expenditures.

This report is published to give insight into the splendid welfare work voluntarily undertaken by this group of unselfish mothers.

It does not begin to tell the half—it gives no account of the large amount of personal work, of the constant calls for clothing, food, nursing, which are met and taken care of by these women.

With no local organized welfare society, the demands are tremendous and the Mother's Circle has been an invaluable aid to the Red Cross as well as an important factor in philanthropic work. The Red Cross makes incessant calls upon the Circle to fit out children with clothing and response is made both in money and in soliciting for clothes, by means of which many children are comfortably clothed.

Especially valuable has been the outfitting of infants and the care given to mothers. Many of the temporarily "down and out" have been helped through sickness and trouble until they were again "on their feet."

A large amount of personal nursing and care of the sick has been done, cleanliness and health two of the most vital things upon which the Circle works.

No, the report, recently read before the Circle, does not begin to tell the tale. It does not mention an operation which at a cost of \$78 saved a young girl's life. It does not mention numerous visits to sick children, delicacies cooked for them; flowers taken to them and fresh eggs and milk provided after they are able to go home so that proper nourishment will aid recovery.

But it does tell a big story. It is easy to see that a big share of the money has gone for hospital care and nursing, throat and adenoid operations, food and clothing. A fourth of the money has been used for children of the county, three-fourths for those of the city.

The Circle necessarily comes to the public every so often to obtain revenue for its work and feels that the same public is entitled to know to what uses its money is being put.

JEFFERSONVILLE CLUB TO BUILD BIG GRANDSTAND

With the material on the ground the erection of a grandstand by the Jeffersonville Baseball Club will be started within a few days.

The grand stand will be built on the James Field which has been a diamond site for years.

Announcement is made that the new stand will seat 700. Bleachers will also be built. It is understood.

The Jeffersonville Tigers will open the season on May 1, if the stands have been completed by that time. The Cincinnati Goldies will probably be scheduled for the opening game.

In case the stand has not been finished by the first of May, an out-of-town engagement will be made.

Notice to Tax Listers!

Under the law each person, owning or controlling personal property on the 10th day of April, shall list same for taxes on or before May 1st.

Tax blanks for the listing of such property for the year 1921, will be mailed to the rural listers on the 8th of April.

In the city of Washington blanks will be delivered at the homes during this week, so that they may be filled out and returned to the county auditor's office as early as possible after the 10th.

Each return must be signed and sworn to.

For failure to list as directed the law provides penalties to be applied.

Listers are asked to co-operate with the officials in getting their returns in promptly so as to expedite the great volume of work that has to be done.

You are invited to call on our assistants in the Auditor's office if you deem it necessary.

Guardians, administrators and executors of estates should make their returns early.

The farmers are asked to fill out the agricultural statistics and return with their blank.

All questions on blanks are to be answered in full before return can be accepted.

GLENN M. PINE,
County Auditor.

be ineligible to compete in the field and track events, the officials in charge of the arrangements for the First Annual County School Field Day and Picnic has named a committee to take up the matter.
